AGAIN RECOMMEND
RURAL POLICE BILL

Pro Rate Distribution Of
Taxes Urged To Repair
County Roads.

Columbiana County Pomona grange is not in favor of an old age pension bill, favored by labor organizations. A resolution disfavoring this bill was one of six passed by this grange in session Saturday at Perry grange hall, Franklin rd. Here are the resolutions:

"That we endorse the suggestions of our state master and state lecturer in Columbiana county in regard to electing or appointing speakers or helpers within our county for weak granges.

"That we look with disfavor on the old age pension bill favored by labor organizations.

"That we oppose the suggestion of our Columbiana county representative in state legislature in regard to the encouraging and raising of the salaries of county and state officials.

"That we again recommend and favor rural state policing for all counties in Ohio.

"That we favor a higher rate of license commensurate to the damage done to our country roads by those who run trucks for commercial benefits.

"Therefore be it resolved that we favor the pro rata distribution of taxes derived from interstate corporations among the taxing districts."

Committees Named

The master appointed these two committees for the year: Legislative, C. W. Heim, P. E. Betz, George A. Moore; executive, S. N. Van Blaricom, John Shelton, James T. Shaw.

Some changes were made in the program previously announced. Fred Bell gave a recitation and Miss Henrietta Baillie offered a piano selection and Lincoln's Gettysburg address was given by George Moore.

Written reports were received from 17 granges out of the 26 in the county. Two candidates were given the fifth degree work.

COUNTY LIVESTOCK
DIRECTORS NAMED

Annual Report Of County Association Shows Profitable Year.

At the annual meeting of the Columbiana County Live Stock association held at Lisbon, Saturday afternoon, five directors were elected for the coming year. E. Y. Gamble, of Butler township, Homer Williams, of Madison township, Willard J. Hayes, of Kensington, W. T. Hawkins, of Unity township and Dallas Hahn, of Knox township.

The report of the secretary of the association proves to be most interesting. The association has shipped to market, since Feb. 4, 1922, one hundred and thirty six hogs or stock at an average cost of 85 cents a hundred weight. This cost includes freight, insurance, commission and all other expenses, giving the shippers a margin of about \$1.50 above prevailing prices in this county.

A delegation of Mahoning county Farm Bureau members from the southern part of that county who have been shipping with the Columbiana county association, were present and asked for membership. The matter was adjourned by the Mahoning county farm bureau paying their membership fee of \$1 each to the local association. When this is done they will be a part of this association.

Judge Allen Opposes
Ohio Judiciary Bill

Columbus, Feb. 19.—Urging enactment of a law requiring all nominations for judge to be by independent petition and depriving political parties of the power to nominate candidates for the judiciary, State Supreme Court Judge Florence E. Allen today voiced her opposition to the bill, introduced by Senator Gifford, Lucas county, providing for elimination by primary election of all but two of the judicial candidates who, otherwise, would be on the non-partisan ticket; balloting to be at the regular primaries.

Federal Dry Agent
Killed At His Home

Cleveland, Feb. 19.—Carl Metta, former federal dry agent, who resigned his position a few months ago rather than accept a transfer to Toledo, was shot and instantly killed at the door of his home today, the result, police believe, of his activities in enforcing the federal prohibition law. His assailant, who drove to the scene in an auto, escaped by the same means.

FINDS MANY REASONS
FOR BOOSTING SALEM

Rev. H. L. Miller In Sermon Says Schools Are Among Best, Praises Theaters, Stores, Industries; Says Friendliness Overcomes Tendency To Gossip.

After all is said and done Salem is not so bad a place providing one views it through the eyes of a booster, rather than those of a knocker, intimated Rev. H. L. Miller Sunday night when he spoke on Salem and her good qualities at the First Christian church.

At the opening of his speech Rev. Mr. Miller mentioned the natural architectural beauties of Salem and explained that while many small town residents objected to the town of gossip and the possibility of every one knowing the other fellow's business, that objection was readily overcome by the friendliness predominating in small cities; how easily one can become acquainted with persons of all stations and professions through small town contact.

Praises Schools

In his list of good things found in Salem, Mr. Miller mentioned Salem's schools and school system. "Salem has the best of schools conducted in faultless fashion," he said.

"When other Ohio cities are facing the necessity of closing their schools, Salem's educational system progresses peacefully. There is no friction in the teaching forces, the educational bodies work in co-operation and citizens are prompt in meeting issues to further Salem's school expansion.

"While little discussion nor much thought is given, in Salem, in regard to the movie industry, let us pause a moment in consideration of this industry tonight.

"The movie producers wanted a censor so they hired Will Hays at an enormous salary. Most any man will cleverly censor pictures in view of a huge salary and Hays is a slick article.

"I don't think much of Hays as a movie censor but we must thank him in our turn as church people of Salem co-operate with movie house managers and owners of Salem.

INSANE HOSPITAL

Bitter Controversy Raging Between Authorities Following Fire.

New York, Feb. 19.—As searchers probed today among the still smoldering ruins of the state asylum for the insane on Ward's island for the bodies of maniacs, blaze victims, a bitter controversy was raging between asylum officials and New York city authorities over responsibility for the tragedy in which 25 lives were lost yesterday.

The flames, which are believed to have started as a result of a short circuit caused by premature blast explosions on the island Saturday, found the large institution with no adequate means of combating the fire.

Six separate investigations into the tragedy were begun today.

Probes were started by Acting Mayor Murray Hulbert, the fire department, State Hospital Commissioner Haviland, Capt. Arthur Charey of the homicide squad, Atty. Gen. Sherman and Chief Medical Examiner Charles Norris.

Dr. Norris, after studying the remains of the building, declared that he would seek to detect the cause of the blaze. He said it would be extremely difficult to connect the defective wiring with the blasting because all evidence would have been destroyed by fire.

The contest between asylum authorities and city officials to fix blame for the disaster has led to a frantic search for precedent and technicalities on the part of city and state executives to demonstrate their lack of responsibility.

Tabby Back Home
Girl's Happy But
Firemen Are Sad

The power of advertising was ably demonstrated Sunday at the Salem fire station.

The arrival of a new mascot to replace "Molly," who died about two weeks ago, was accompanied by a brief news item, much to the sorrow of the firemen.

Now they are without a mascot. More than a half dozen inquiries for a lost cat were received at the fire station Sunday. One of the seekers recognized the new mascot, and now "Tabby" is back home, much to the joy of a little girl who had been hunting for her pet for several days.

Senate Approves New Date
For Inauguration.

Sen. Norris has had passed through the senate a resolution providing for reference to other states of a constitutional amendment advancing the date for the inauguration of presidents from March to January. The resolution also provides that the new congress shall take up its duties the first Monday in January, instead of on March 4. The fate of the measure in the house is in the hands of "lame ducks," at whom it is aimed, and many believe it will die in committee there.

DANCERS SCATTER
AS LABOR LEADER
IS SHOT AT CAFE

Young Women Flee, Others Scuttle For Cover As Shots Fly Thick.

Chicago, Feb. 19.—Society clummers were struck dumb early today as they witnessed the killing of Stephen Kelliher, prominent labor leader, in the cafe of Al Tearney, well known minor league baseball player.

Kelliher was shot dead by Daniel McCarthy, business agent for the plumbers' union.

The shooting took place before more than 20 guests that were merrily dining, dancing and chatting in the restaurant and cabaret.

A spectator, Mrs. Thomas Golden, who was dancing with her husband, was shot in the shoulder by a stray bullet.

The dancing stopped abruptly as shooting began. The music ceased, chairs went over backward. Women screamed and fainted.

Young women who came from homes, accompanied by their "sheiks," dashed from the place. Furs, pocket-books and other belongings were left behind.

Waiters Scuttle For Cover

Colored waiters dropped their trays and scuttled for cover.

The police arrived, however, before all the patrons could get out. Several wagon loads of men and women were taken to police headquarters for questioning.

Eye witnesses said McCarthy and two other labor leaders were seated at a table near the dancing floor with three young women when Mr. and Mrs. Kelliher entered.

Mrs. Kelliher, it was said, came over to the table and addressed some warm remarks to McCarthy. McCarthy and Kelliher had been friends but "broke" recently, McCarthy made remarks in kind.

Kelliher drew a gun. Tearney, the proprietor, sought to pacify him. Kelliher began shooting.

McCarthy stood up, drew his gun and shot Kelliher squarely between the eyes.

McCarthy rushed from the place. He was brought to a dead stop a block away by a policeman who got the "drop" on him.

"I killed him in self defense," said McCarthy.

NEW GOVERNOR IS ALASKA'S
SAVIOR, SAYS DR. REINHOLD

Warren Pastor Tells About Wonderful Resources Of The Country.

Alaska is going down in population since the war, due to the injustice of this country's control of that territory.

This is what Dr. Frank P. Reinhold, Warren, told his audience at the First Presbyterian church Sunday evening when he gave a lecture on "Alaska." Dr. Reinhold spent the summer of 1921 in Alaska and in his address he gave his personal view of it.

Since the appointment by President Harding of a governor who is liked by its people conditions are much more favorable than when the country was in charge of men at the head of bureaus controlled by Washington, the speaker pointed out.

FIREMEN BATTLE
BLAZE IN COURT
HOUSE BASEMENT

Historic Lisbon Building Is Threatened With Destruction Monday.

FLAMES START IN
WASTEPAPER ROOM

Damage Confined To Blue Print, Drafting And Boiler Rooms.

Fire in the waste paper room in the basement of the county court house at an early hour Monday, for a time threatened the historic building with destruction, and had it not been for the prompt and effective response of the Lisbon Volunteer fire department the structure would have been a mass of ruins.

The fire was discovered at 5:30 by Engineer William Ewing who reported for duty at the heating plant in the building. He immediately turned in an alarm and the battle to save the building was on.

Despite the intense cold and blinding smoke the firemen worked a way into the basement and cornered the fire in the waste paper room and after a 30-minute fight had the flames under control.

The damage is chiefly confined to the basement, including the boiler room, drafting department of the county engineer and the blue print room. Fire worked itself into the flooring of County recorder's office and the county engineer's office but was discovered and extinguished before any large amount of damage was done.

The whole building was filled with smoke and it will require a thorough renovation. The damage to the basement is estimated at about \$1,500.

County officials and clerks, called from their beds by the alarm, prepared to carry records to places of safety but the prompt and efficient work of the fire department rendered this unnecessary.

None of the records of the county suffered although there was a large amount of valuable papers stored in other parts of the basement.

\$97,500 In Insurance
On Court House.

Lisbon, Feb. 19.—Following the fire at the court house this morning, County Auditor Hamilton, looked up insurance that had been placed on the building and found that the sum of \$97,500 in insurance policies in different companies.

Various estimates were placed as the value of the building and its contents, the most conservative being \$300,000. Some of the records it contains, however, are almost priceless.

It is estimated that to replace this building and equip it as it now stands would require at least \$350,000.

DEPUTY, WOUNDED

Steuenville, Feb. 19.—Deputy Sheriff Harry P. Jones, 35, who was shot by Joseph Jones, whom he tried to arrest at Follanshee, W. Va., on Dec. 27, died today as a result of the gunshot wound, followed by pneumonia. Joseph Jones faces a murder charge as a result of the deputy's death.

The attack on the deputy sheriff was followed by a gun battle in which deputies fired over 500 shots from machine guns before Joseph Jones was wounded and forced to surrender. Jones held eight officers at bay for two hours, firing from two 44 calibre revolvers.

ANOTHER APPEAL
FOR AN ECONOMIC
PARLEY IS MADE

Oklahoma Democrat Urges President To Summon World Powers.

Washington, Feb. 19.—Another vigorous appeal to President Harding to summon another international economic conference was made in the senate today.

Asserting the need for closer world wide association of nations never was greater, Sen. Owen, Democrat of Oklahoma, urged adoption of his resolution requesting the president to call a three months' conference of all nations of the earth, the chief purpose of which would be formulation of workable methods for "promotion of international trade and understanding."

Aside from the purely economic consideration the conference suggested by Owen, a strong league of nations advocate, would be directed to strive "for the establishment throughout the world of the territorial integrity and political independence of every nation, great or small."

In this respect the Owen conference embodies the basic principles set down in the covenant of the league and is more far reaching in scope than the international economic meeting of powers proposed twice in the senate by Sen. Borah, Republican of Idaho.

"The time has come when the United States should perform the duties of voting throughout the world the doctrine of international justice, righteousness and understanding," said Owen.

"The world is looking for the moral leadership of our great disinterested self-governing nation. The statesmen of Europe are directly and indirectly appealing to America to point the path to liberty."

O. I. C. BREEDERS
WIN IN HIGH COURT

Decision Gives Silver Co. Right To Market Its Original Breed.

By a decision of the United States circuit court of appeals, the Ohio Improved Chester Hogs, Originated and bred by the L. B. Silver Co., of Salem, are considered a separate and distinct breed from the Chester Whites.

The court, to which the Salem company had appealed from a ruling of the Federal Trade commission, found the company not guilty of unfair methods of competition by advertising the O. I. C. hog as a separate breed.

This decision ends a long litigation which started in an attempt to have the federal commission bar the sale of O. I. C. swine as a separate breed and designed to injure the local company's business. The business was established in Salem in 1883 by L. B. Silver and is now conducted by his son, Carl Silver.

When the commission's ruling was carried to the U. S. court various organizations in the city went to the aid of Mr. Silver, asking all-to-withhold judgment until the company had an opportunity to be heard in court. The decision is a sweeping victory for the O. I. C. breeders.

Chase Ends Near Canfield When Thieves Run Out Of Gasoline.

POLICE RECOVER
DR. YAGGI'S AUTO

Auto Stolen In Pittsburg Abandoned; Men Face Other Charges.

BULLETIN

Edward Scott and Lloyd Monty charged with stealing a car belonging to Dr. H. K. Yaggi, were bound over to await the action of the grand jury when they were arraigned Monday afternoon before Mayor John W. Post. Bond of \$2,500 was set for each of the two men. Being unable to furnish this they were taken to the county jail at Lisbon.

A spectacular automobile race that culminated in the arrest of two daring automobile thieves and the recovery of two stolen cars, Sunday morning, was reported by police Monday.

Chief of Police T. W. Thompson and Officer Bryn arrested Edward Scott, 45, of Philadelphia and Lloyd Monty, 22, giving no home address, after a chase that covered most of the surrounding territory and ended about two miles south of Canfield.

The chase started when Dr. H. K. Yaggi, McKinley ave, reported the theft of his new Buick coupe, left standing in front of his residence about 10:30 a. m. Sunday. Chief Thompson immediately notified all surrounding villages and towns.

Within 30 minutes a dragnet had been thrown around all roads leading from Salem and Alliance, Youngstown, Columbiana and other officials were notified to be on the lookout for the stolen car by Chief Thompson.

Harris Gives Chase

P. G. Harris of the Buick sales office here, was the first to locate the stolen car, it having passed him on Main st. at a tremendous rate of speed. He immediately gave chase in his own car and after following the thieves through Washingtonville, Columbiana, North Lima, Greenford and Albany, located them near Canfield, where the car had been ditched after going through the billboard.

He immediately called Salem police and within a short time Chief Thompson and Bryn were on the scene. The car was left lying in a ditch but the men had fled across a field.

They were trailed through footprints in the snow and after a chase were captured by Thompson and Bryn at the point of guns in the hands of the officers.

Mr. Harris reported being forced to travel at a speed of more than 65 miles an hour to keep within sight of the bandits.

The stolen machine was traced as far as Albany, where it had been driven into a billboard at the side of the road, just before the pursuing party reached there. From there the trail led towards Canfield, the thieves heading then for Youngstown.

Just before they reached Canfield, however, the stolen car ran out of gasoline. The thieves evidently planned to abandon the car there, but were prevented by the timely arrival of the Salem officers.

Leave Stolen Car

The theft of Dr. Yaggi's car was one of the most daring in the annals of the police department. The thieves drove up in a Ford coupe, which had been stolen in Pittsburg on Saturday. Parking their car near the Yaggi machine, the thieves stepped out of their machine into the Yaggi car and drove away, leaving their machine standing along the curb.

The theft was discovered within a few minutes and immediately reported to police. Quick work on the part of Chief Thompson enabled police to trace the stolen car as far as Albany, where the car was recognized as belonging to Dr. Yaggi by a number of residents.

The thieves were heading for Youngstown, according to Chief Thompson, but lost their way when near Canfield and were endeavoring to get back to where they could get their bearings when they ran out of gas.

The machine was badly damaged as a result of having been driven into the billboard.

Carried "Stolen" Goods

The car which the thieves abandoned here had been stolen from Walter F. Dunn, of Pittsburg Saturday. He was notified that the car was here and came to Salem Sunday to recover it.

Other charges may be preferred against the men when they are arraigned before Mayor Post as numerous articles were found in their possession that police believe were stolen enroute to Salem.

The men had previously driven up to a gasoline station in Millville and after securing gasoline for their car drove away without paying for it, according to a report given police Sunday.

Several cartons of cigarettes, candy and meat were found when the men were arrested.

Arbor Day Centenary

IN most cases it would be absurd to begin preparations for a centennial anniversary 50 years in advance. Indeed, it would be detrimental to the project, because it would weary people of it and discount interest in it. Far otherwise, however, is the proposal of the American Tree association now to begin work for the centenary of Arbor day, which will not occur until April 22, 1972, for the best possible if not indeed the only fully satisfactory celebration of that anniversary is one which will take 50 years to complete.

It takes about 50 years for the average tree to attain maturity. Some, such as fruit trees, maples and other shade trees, are of more rapid growth. But the great forest trees, and such as spruces, hickories, black walnuts, whiteoaks, sycamores and beeches, need half a century for adequate development, while oaks and elms at a full century are still immature.

If, therefore, the centenary of Arbor day is to see our roads well shaded and our hillsides and river bottoms reforested, now is the time to do the planting.

Perhaps not many of those who do such planting will live to see the centenary which they thus celebrate in advance. But we should pity anyone whose spirit was so mean that he would not do a good deed just because he might not see its full fruition. It will be worth while now to aim at such an achievement for the centenary of Arbor day.

Synthetic Pie
PIE at its best is a food to be indulged in with care. Coming to the human fuel laboratory when it is usually well provided with necessities, it is often a burden for a generation which forces its stomach to perform much of the function for which nature provides teeth. This is particularly true when it is accompanied down the little red lane by a chunk of cheese that adds to the task of an already worried digestion.

But pie is an American institution firmly established in the homes of the people. It also occupies a prominent place in restaurants. Over in New York, it is said, pie bakers have tried with the innate virtue of pie—even to the extent of "uttering and circulating" synthetic pie which is not pie at all, though it smells and tastes like it. There are chemical substitutes for eggs and for flavors, it is charged, now in such vogue because they increase profits that the department of health, in its care for the public welfare, has barred all pie counterfeits from bakeries and eating places.

This is well. Pie is too important too deeply in the affections, so to speak, of Americans, to be sold by impurities, or adulterated, by those permitted to manufacture it.

TWO CITIES GIVEN STATE SCHOOL AID

State Senator Harry J. Carpenter of Steubenville has introduced City Resolution No. 1 of East Palestine that the city will receive approximately \$10,000 of the \$125,000 which will be appropriated by the legislature for weak school districts.

The East Palestine schools are confronted by a condition similar to that existing in East Liverpool. It has been decided to reduce the East Palestine school term from nine to eight months in order to keep expenses within the amount of money available. A check for approximately \$7,500 representing the first installment of the \$35,000 which the state director of education has set aside for the support of the East Liverpool public schools has just been received in East Liverpool.

HARVEST ICE CROP ON BEAVER CREEK

Lisbon, Feb. 12.—With four inch ice formed on Beaver creek, local ice men are hoping that the cold snap continues the coming week so that they may harvest a crop of natural ice to augment the manufactured variety during the coming summer. The ice on the old reservoir used as a source of supply for the city mains 25 years ago has reached a thickness of six inches and the colder weather Sunday will add to that depth so that ice cutting could begin early in the week if the cold weather continues. The mild weather of December and January prevented the formation of the natural ice crop and the cold snap of February while unwelcome to the

THE STAR

Twinkle, twinkle, little star, Now we know what you are. You are on North Lundy street And you will stay without defeat.

Durant has made you what you are. And you are sure some wonder car. Red Seal motor, they look at it first. Three speeds forward and one reverse.

Timken axle and bearings as well. My little Star, you sure do ride swell. As comfortable seats as one could ask. Come up to your competitor and go on past.

Up one hill and then down the other, You have no equal in another. U. S. Battery and Amalite. Everybody knows that they are alright.

One man top and gypsy curtain. You have them all going now for certain. Dismountable rims and half electric spring. Self starter and every old thing. You are dandy we have to confess. If you are not better, you're as good as the rest. You take the Roadster, it's a beauty and alive. You can buy it in Salem at Four Seventy-five.

And here is the Touring at four Ninety-eight. Get your order in now before you're too late. The Coupe is a bird that surely will thrive. You can buy right here at Six Forty-five.

At the price of the Sedan, beat it if you can. Delivered, freight and war tax, at Seven Ten. Get them on time if you don't have the change. The whole darn business at Gibson's Auto Exchange.

Wellsville Defeats Salem Floor Teams

Salem High dropped both ends of a double header Saturday night to the Wellsville scholastic basketball teams, the boys losing by a 35-25 score, while the girls were on the short end of a 27-23 count.

This evens the series between the teams, Salem winning from Wellsville here earlier in the season.

Wellsville boys started off with a rush and at the end of the first quarter had a 12-2 lead. The Red and Black braced in the next period and brought the score to 15-10 at the end of the half. The third quarter found Wellsville with a 15-point lead and they continued to set the pace during the final period.

Houser was high scorer for the locals with five field goals. Yingling contributed two and Sheehan and Sartick one each.

The girls' game was hard fought from start to finish and the locals went down to defeat only after a hard battle. The Red and Black were behind at the beginning of the second half but they made a great comeback and outscored their opponents two to one in the final period.

William was the star of the game. She scored every point made by her team with 11 field goals and one foul. She was the subject of considerable praise for her good floor work by the Wellsville fans.

LEETONIA NEWS

A delightful meeting was held Thursday at the close of the afternoon session when members of the "L" of the High school met in regular session. The club is unique in that it is composed of only those who have won scholastic honors.

The meeting was presided over by the president, Gerald Sullivan. The club proposes to boost scholastic athletics in the home town.

Among other things ordered was that of winning a letter in basketball which will require at the very least 16 quarters. The work will be more difficult than in most schools.

Calvin Welmer was chosen secretary of the club and Valentine Altomaro was elected treasurer.

Sophs Entertained
The Sophomore class of the High school was royally entertained by the Freshman class at a beautifully appointed Valentine party on a recent evening given in the basement of the South Side building. Games and contests provided entertainment and an excellent lunch was served by Freshmen class.

SEVEN WHOLESALF GROCERS CHARGED WITH CONSPIRACY

Youngstown, Feb. 19.—All Youngstown members and stockholders in the Ohio Wholesale Grocers' association were charged Saturday by the Federal Trade commission with conspiring to force manufacturers to guarantee against price decline or be discriminated against.

The commission alleges that manufacturers who reduced prices without protecting Ohio wholesalers on their unsold stocks, under guarantee, were "blacklisted" and the lists distributed among the members of the association.

Youngstown members of the association charged with violation of the Clayton act, and who have been given 30 days to answer charges are: J. H. Pile, A. D. Thomas, Alfred Johnson, Harry Schagrin, Philip Klafner, A. F. Frankle and B. G. Daugherty.

These men interviewed admit receiving notice of the charges, but say they know little if anything about the cases. One Youngstown wholesaler dealer says the commission's charges grow out of information submitted to the commission by officers and directors of the Ohio Retail Grocers' association.

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and saves about \$2. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guarantee to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Kiwanians declared the program was one of the finest ever presented before the club.

Two Floor Games Here Wednesday

Two fast basketball games are promised for Wednesday night at the high school gym, when the Salem Ex-Highs clash with two strong independent teams.

The Ex-High boys' team will include players of the 1918 class of Salem High, and are booked to play Sebring. This should be a battle royal as the Sebring outfit downed the local by a three-point margin at Sebring early in the season. The locals are out for revenge and expect to take the measure of their victors Wednesday night.

Their lineup will include Morris and Hutson at Forward, Kille at center and Rich and Roessler at guards.

In addition to the boys' game, the Salem Ex-High girls will meet the Belmont girls. The Belmont team has been setting a fast pace this season, having won every one of the 15 games played.

The girls have not announced their entire lineup but it will include Kelly and Sechler, former scholastic stars, and McCready, former Mt. Union luminary.

Furey, Arnstein Aide, Caught After Escape

Lynn, Mass., Feb. 19. — Edward Furey, who escaped from New York, where he was indicted with Julius "Nicky" Arnstein for attempted larceny of \$5,000,000 in securities, was under arrest here today. Furey was captured at revolver point as he attempted to escape from a lodging house clad only in his pajamas. The arrest was on a warrant charging impersonation of a federal officer.

MISS GLADYS STUDLEY, beautiful New York society girl, who gives Tanlac full credit for her remarkable return to health.

Miss Gladys Studley, a beautiful and popular society girl, residing at 430 West 119th street, is among the thousands of New York city people who are praising Tanlac for the return of their health, strength and happiness.

"For three years past," said Miss Studley, "I have been in a very badly run-down condition and, when I began taking Tanlac, I had little hope of ever being my normal self again. My nerves were so undone that at times I could not keep back the tears. Some days I enjoyed my meals and other days I simply had to force myself to eat. I had no energy and the least exercise would leave me completely exhausted. My complexion was becoming sallow and rough and I just seemed to be getting old before my time. Things had become almost unbearable and my whole system seemed to be crying out under its burden of ill health."

"Well, it wasn't many days after I began taking Tanlac until I knew I was on the right road to recovery. My appetite increased, my tired feeling began to leave, my nerves steadied down and before long I was feeling like an entirely different person. My complexion is even better now than it ever has been and everyone is asking me what has brought about such a great change. I am so grateful for the way Tanlac has helped me back to health that I never lose an opportunity to recommend it. It certainly is grand medicine."

Tanlac is sold by good druggists. Over 35-Million bottles sold.

JUDGE SETENCES YOUTHFUL BANDITS

Lisbon, Feb. 19.—William Grim, Edward Stark and Ralph Heibon, ring leaders of the gang of youthful criminals that had perpetrated a series of 12 robberies in East Liverpool, were sentenced this morning by Judge Moore to terms of from one to 15 years in the Mansfield reformatory.

Donald Bennett and William Bongray, who had accompanied the gang on two occasions, were given the same sentence but it was suspended on recommendation of Chief McDermott of East Liverpool police department.

Floyd Thomas, another of the gang who had pleaded guilty on one of the indictments, being under 17 years of age, was remanded to the juvenile court for trial.

Floyd Thomas of East Liverpool, charged with stealing tires from the McClain Tire & Rubber Co., entered a plea of not guilty and will be tried later on.

THE HONEYMOON

By ADELAIDE R. KEMP

(Copyright, 1922, by McClure Newspaper Syndicate.)

"Hello, little boy; what's your name?" Shirley straightened from her wedding and looked at the lad standing by the fence.

"William Theodore Curtis, Jr.," was the dignified response.

"I suppose you must belong to the folks just moved in the big house on the hill, William?"

"You needn't call me William if you don't want to," said the boy, taking a jack-knife out of his pocket and whittling a willow stick he was holding. "Nobody calls me that except the teacher. I'm Billy to most folks."

"Well, then, Billy," Shirley came nearer and looked intently at the small face with its freckle-powdered nose. "I wonder whether you have anyone related to you named Thomas Curtis?"

"You probably mean my Uncle Tom. He's down in Panama." Billy, with his whistle nearly completed, did not notice the color that came with a blinding rush to Shirley's face. "Do you know," he continued, "what a honeymoon couple is?"

For a moment Shirley was taken blankly by surprise.

"Well," she answered slowly, "a honeymoon couple are two very happy people, generally, on their wedding trip. What made you ask that, Billy?"

"Oh, nothing much. I was just kind of wondering. When Dad read Uncle Tom's last letter he laughed and said he didn't know what we'd do with a honeymoon couple. You know, Uncle Tom's coming home in a week or two."

Shirley looked as if she had received a blow. Billy, bidding her good-by, started down the road, his whistle sounding shrilly.

Such a slight misunderstanding had sent Tom Curtis to Panama and lost to her all chances of happiness.

For Shirley the following weeks were trying ones. She and Billy became fast friends, but she dreaded the day when he would tell her Tom and his bride had arrived. William Theodore Curtis, Jr. in his characteristic manner, abruptly ended her suspense late one afternoon as he met her returning from the post office.

"They've come," he shouted, when he was within calling distance. "They're what you said they were and dad says she's pretty nifty."

Shirley stopped short and sat down rather quickly on a convenient rock. "Well, Billy," she said, trying to regain her composure, "I suppose you won't have time to fish for a while."

"Oh, yes, I will," exclaimed the lad quickly. "All they want to do is sit in the hammock or dance to the old phonograph. They don't pay any attention to me. They did say," he added, "that we might go on a picnic next Saturday in our car. I wish you might come, too."

Shirley smiled rather forlornly. "It's my own fault that I can't," she said, whimsically.

Late Saturday, walking through the village, she passed a group of people talking excitedly. Fragments of their conversation made her pause suddenly. "The young married couple were taken to the hospital, terribly hurt." "Yes, Curtis' big car—they'd been on a picnic somewhere."

Shirley hurried on. Her whole being seemed permeated with the tragedy that had entered her life. Down the road came the hum of a big car. It came up, but did not pass her, and somebody jumped out and clasped her in a pair of strong arms. She looked up with a white face and clutched their owner convulsively.

"Oh, Tom, Tom!" was all she could say. Everything had been clean-swept from her mind except the outstanding fact that he was there. Tom was returning the clutch with interest.

"Shirley," he said, "what luck! I've been up to town every day since I came, doing regular detective work. Your house was closed, your folks gone, and nobody knew where you were except in the country somewhere for your health."

To Shirley suddenly came the reason for her run-down state and shattered nerves. She tried to draw herself away, but it was useless.

"Tom, you mustn't. You're married, you know. And I thought you and your little wife were in the hospital."

Tom sat down on the running-board of the car, but he did not let go his hold of Shirley. "Now, Shirley Dinsmore, will you kindly tell me where your wires are crossed?"

Shirley felt ready to cry when the realization that all the joy of meeting Tom must end at once. "I've just heard about the accident today, and Billy told me you were on your honeymoon," she said.

A light of understanding appeared on Tom's face. "Well, I'll be jiggered," he said. "Shirley, did you think I could forget like that? My cousin Dick and his wife came with me on their honeymoon. Billy probably didn't take the trouble to mention any names. They were in an accident today, but, thank goodness, not so serious as reported."

"Honey-moon!" Tom lifted her face, from which a great shadow had vanished. "You just bet I'm going on my honeymoon—the minute you'll join the party."

Around the front of the car appeared William Theodore Curtis, Jr. "Uncle Tom, I've just heard what you said. Once you told me the moon was made of green cheese; now I suppose you'll try to make me believe it's made of honey."

OHIO STEEL MAN AND BANKER DIES

Warren, Feb. 19.—Wade A. Taylor, prominent Mahoning valley banker and steel manufacturer, is dead at Pasadena, Calif., according to advices received by Warren relatives. Mr. Taylor died suddenly Saturday night. He was about 60.

Accompanied by his wife and daughter, Mr. Taylor left his home in Youngstown Jan. 22 on a two-month tour, during which a trip to Honolulu was anticipated. His wife and daughter were with him when he died.

Mr. Taylor was owner of the American Zinc Products mills at Greencastle, Ind., and president of the Dollar bank at Niles. Up to the time the Republican Iron & Steel Co. acquired the Deforest Steel & Tinplate Co. at Niles he was head of that concern.

OBITUARY

Lewis Lane Bean

Lewis Lane Bean, Toledo, formerly of Salem, died of heart trouble at noon Saturday at his home.

Mr. Bean, son of Victor and Lucinda Bean, was born and spent most of his life in Salem. He learned his trade as a tinner with W. G. Pawcett, who conducted a tinning shop. He was employed by the Silver Manufacturing company for some years. About 15 years ago he went to Mansfield where he was employed in the William Bunting shop as a brass worker. From Mansfield he went to Toledo and was engaged in the same work. He was a member of Quaker City band while here, and was also a member of the Eagles, Moose and Musicians' union.

Surviving are his widow and two sisters, Mrs. Dora Bentley and Miss Ida Bean, this city.

The body will be brought to this city Tuesday evening and the funeral will be conducted at 2 p. m. Wednesday at Arbaugh's funeral parlors in charge of the Eagles. Interment will be in Hope cemetery.

J. W. Smiley

J. W. Smiley, aged 56, of Center township, died at his home in the Hopkin-Holloy road south of Lisbon at 8 p. m. Sunday following a five-day illness of pneumonia.

The deceased was prominent in Lisbon and was widely known through out this district.

He is survived by his wife, Mrs. Ethel Smiley, three sons, and one daughter at home and two daughters in Cleveland.

Funeral service will be held at the family home at 2 p. m. Wednesday, Rev. P. W. McCaulley of the Presbyterian church officiating. Interment in the Lisbon cemetery.

Arthur Hall

Word has reached friends here of the death of Arthur Hall, who died a few days ago in Pennsylvania hospital, Philadelphia, after a ten week's illness.

Mr. Hall was a teacher at the Friends Boarding school, Barnesville, at one time and was quite well known among Wilbur Friends in this vicinity. He was manager of the Pocono Manor Inn, Pocono, Pa., a mountain resort.

Funeral Notice

The funeral of Peter Abrahams, who died in Toledo, will be held at 2 p. m. Tuesday, at the home of his brother-in-law, Ferris Morris, Depot st., followed by a service at St. Paul's Catholic church. Interment will be in Grandview burial park.

The body is at the Roumanian hall, Depot st., and friends can view it there.

Russell Scullion

Russell Scullion, infant son of Mr. and Mrs. Frank Scullion, Jr., died at his home on Franklin rd., Sunday afternoon, following a brief illness.

Funeral service will be held Tuesday afternoon at the family home, with Rev. J. P. Harman, pastor of the Holy Trinity English Lutheran church, officiating. Interment in Grandview cemetery.

STOCKS

SHOWS STRONG TONE

New York, Feb. 19.—The stock market showed a strong tone at the start today, there being a good demand for nearly all the active issues. U. S. Steel was a feature, starting 1/2 higher at 108 1/2. Utah Copper rose nearly one point to 70 1/2. Chandler Motors started 1/4 lower and then more than recovered this loss. Cuban-American Sugar was weak, dropping 1/4 to 34 1/2. Wabash was a feature in the railroad group, moving up 1/4 to 11.

MANY GAS FIELDS
NEAR EXHAUSTION
U. S. BUREAU SAYS

Washington, Feb. 15.—Interesting facts concerning the production and distribution of natural gas are contained in a pamphlet just issued by the Bureau of Mines of the Department of the Interior. It says:

"Only a limited quantity of natural gas can be taken from each field, for as gas is withdrawn from a producing bed, the pressure gradually decreases until the gas is exhausted or drowned out by water, so the deposits must be abandoned. Many fields have already been exhausted while many others are approaching that stage.

"This decline and exhaustion of gas fields indicates that new gas is not formed to replace that which is drawn, and suggests that if natural gas is now being generated by nature, it certainly is being generated very slowly, and the quantity is negligible when compared with the amount being used. The inference to be drawn from the behavior of known gas fields is that—on a practical standpoint—the natural gas now being used has been generated by nature during past ages; a limited amount remains in the earth, and when this supply has been removed from the fields no more will be forthcoming.

"The quantity of natural gas available to any community is determined by the resources of fields lying within a reasonable distance from that community, as the expense of transmitting gas for greater distances is prohibitive.

"As the pressure of a field decreases and the wells become less productive, more wells are required to supply a given demand for gas, more pipe lines and equipment are required to gather the gas from the wells, and machinery must be used to compress the gas so that it will flow through the pipe lines. As nearby fields become less productive, the use of natural gas must diminish, unless it can be obtained from more remote sources; and if gas from such sources is available it can be obtained only by increased investment and other expenditures. The cost of supplying natural gas to any community must, therefore, increase as the reserve of natural gas available to that community is depleted."

**Save from
\$52 to \$78

You will be amazed to see how the use of "Bull" Durham will cut down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

Here's one reason: The government tax alone on 50 machine-made cigarettes is 15 cents—5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!

The average smoker saves \$1 to \$1.50 a week by "rolling his own" from "Bull"—or from \$52 to \$78 a year. This makes quite a Christmas fund—or pays for a fine trip.

TOBACCO

What a place "Bull" Durham holds in the hearts of Americans! Can you think of any other brand that has been the favorite of three generations?

Look at its history. From the Civil War to the Great War "Bull" Durham has been the American's greatest standby. Sixty years.

There really is no smoke in the world so altogether satisfactory.

A "Bull" smoker never switches. You can't interest him in any new experiments. He carries his preference wherever he goes.

This is because the special flavor and aroma of "Bull" Durham make a cigarette that can not be duplicated.

Find out. You will never know how good a cigarette can really be until you roll your own out of "Bull".

Shows Playmate How To Shoot, Kills Self

Steubenville, Feb. 19.—While showing his six-year-old brother how he had seen a man handling a revolver in a movie, Peter Delpner, 13, New Amsterdam, shot and killed himself at his home Sunday with his father's revolver which he did not know was loaded. The bullet struck him in the mouth and went through his head.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

Woman Leaps From Burning Home With Babe In Her Arms

Columbus, Feb. 19.—I forced to jump from an upstairs window with her three-year-old grandson in her arms, Mrs. Charles Appel, 42, and the baby were seriously burned and narrowly escaped death in a fire which destroyed the interior of a frame house here today.

Jesse Belcher, 63, uncle of Mrs. Appel, caught by the flames, jumped from an upstairs window, sustaining several broken bones. All three were taken to the White Cross hospital. Physicians said that Belcher, because of his advanced age, was in a serious condition but that the others will recover.

Fire department officials said the blaze was caused by Irene Appel setting fire to clothing in a closet while searching with a lighted match.

New War Threatened In Eastern Europe

Paris, Feb. 19.—A new war is threatened in eastern Europe today. Official advice reaching the foreign office stated that Lithuanian artillery Saturday morning began shelling the position of Polish troops that had occupied the territorial corridor at Vilna awarded to Poland by the league of nations.

RHEUMATISM PAINS ARE NOW IN SEASON

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly, keep the feet dry, avoid exposure, and above all, drink plenty of good water and avoid eating sweets of all kind. Rheumatism is caused by body waste and acids resulting from food fermentation. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this waste and acids, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste matter, also to stimulate the kidneys, thus often ridding the blood of rheumatic poison.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.

HARROLD TOOL CO. GROWING CONCERN

Columbus, Feb. 19.—The H. J. Harrold Tool Co., of Columbus, is one year old. The company which is composed of H. J. Harrold, Roy Harrold and Ray Shrimmer, have made a surprising growth.

The senior member of this firm was the organizer of the Harrold Tool & Forge Co., of Columbus from which H. J. Harrold retired 15 years as a forge and tool smith. The firm confines its activities to the manufacturing of wrecking bars and screw drivers. The latter are supplied with an indestructible handle, the composition having been tested as a non-conductor of electricity as high as 15,000 volts, making it a useful tool among electricians. The daily output at present is 500 wrecking bars and 1,000 screw drivers.
